

“I have never known of any other hobby that can enable you to gain the equivalent of 4 GCSEs!”

Anne-Marie Twigg

Cadet Sergeant Anne-Marie Twigg joined Beds & Herts Army Cadet Force after accompanying her father, an instructor, one evening.

She has recently completed the BTEC First Diploma in Public Services through CVQO, achieving a Merit grade.

“This qualification has given me more hope, especially this year. I wished to register for the National Diploma in Public Services at college, but I wouldn’t have been able to as I only achieved a C grade in my Maths GCSE. However, because of the BTEC First Diploma, I was eligible to enrol.”

“I was interested in completing a qualification that is different. I have never known of any other hobby that can enable you to gain the equivalent of 4 GCSEs!”

Anne-Marie’s college also learned that such qualifications were open to members of the cadet forces.

“The tutors at my college were surprised. They didn’t realise that such a good qualification was available through a hobby.”

Outside of the ACF, Anne-Marie is a keen tap dancer. She has spent time working voluntarily in nurseries and care home for the elderly.

Since beginning the National Diploma in Public Services this year, Anne-Marie has become particularly interested in criminology, and hopes to study the subject at university before joining the Army as a Military Police Officer.

“This qualification has given me hope, especially this year. I wanted to register for the National Diploma in Public Services at college, but couldn’t as I only achieved a C grade in my Maths GCSE. Because of the BTEC First Diploma, I was eligible to enrol.”
